

2024 - 2025

**Giancarlo Rusconi**

A businessman from Turin who is particularly attentive to the needs of the market, in 1988 has presented the first solar-heated shower on the market.

The lucidity of expression and the search for simplicity are the key principles in the work of Giancarlo Rusconi.

Perfect command of sensuality and refinement has made him one of the rare Italian designers who has gained global recognition.

## SERENDIPITY LOUNGER (FLOATING)

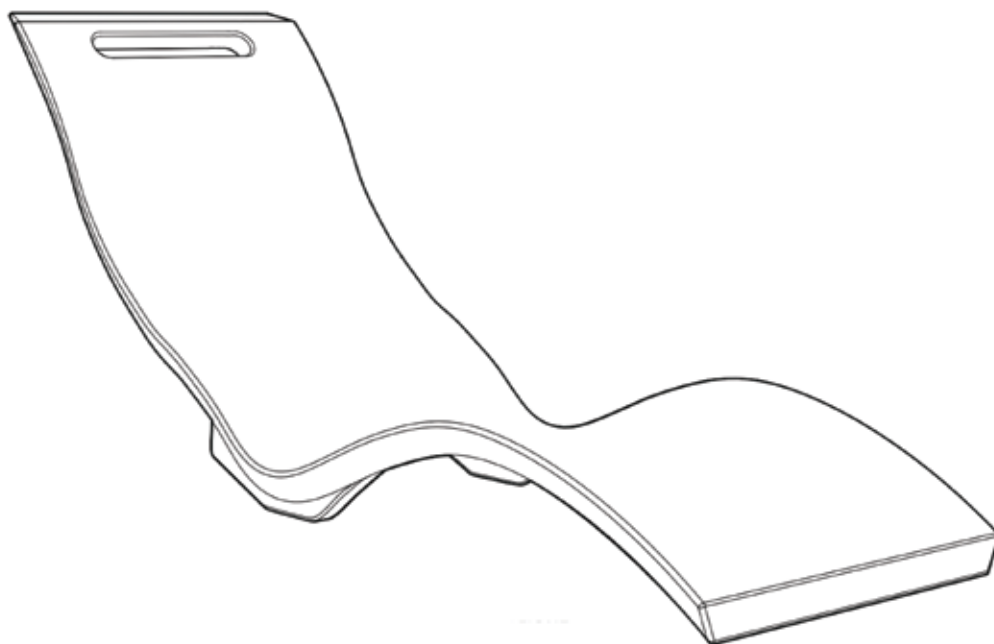

Chaise (Floating Chair) in polyethylene with stone effect surface that gives additional value.

The perfect ergonomics and the soft lines inspired by the dynamics of the body at rest, evoke feelings of serenity and well-being, perfectly welcoming the shapes.

Functionality and stability are guaranteed by the use of high-density polyethylene, produced with a rotational mold that makes it suitable for any type of environment, both indoor and outdoor, private and professional.

Lightweight and easy to handle, durable, all weather resistant, made for prolong use.

Solar Shower - Happy : AED 1,799

The background image shows an outdoor shower unit, the LED - Q805, installed in a garden. The shower is a tall, slender, light-colored metal pole with a shower head at the top. It is surrounded by greenery, including trees and bushes. The scene is brightly lit, suggesting a sunny day.

## LED - Q805

This outdoor shower is designed for versatility, featuring a traditional QUICK system that can be easily dismantled.

It is equipped with an LED for nighttime use and a hot/cold water mixer, all housed in a structure made of aluminum with chromed brass accessories. The shower includes standard fixing systems for garden and sand installation, a simple setup process, an adjustable integrated shower head, and a mixer to select the desired water temperature.
