## DININGS

Table . Armchair

The background image is a faded, artistic photograph of a rustic stone building. A white horse with a light mane is looking out from a wooden stable door. In the foreground, there is a set of outdoor furniture consisting of a square table and several chairs with light-colored frames and woven seats. To the left, there are large hay bales and a dark, round, textured basket. The overall tone is warm and rustic, with a soft, hazy light effect.

## STIPA DINING

**Stipa** compiles the wholesome mediterranean flavour of an enduring icon as reinterpreted by the industrial design maestros at MAIORI Design. A series of authentic desire objects built with smart outdoor materials.

**Stipa** Tabletops are made exclusively with Commissioned Burmese Teak, probably the best hard exotic wood for outdoors available in the world today. We personally handpick this teak on-site amongst the cream cuts of certified selective loggers only, and then we cut them into bespoke tabletop orders.
