Maiori furniture is a perfect fusion of innovative design and sustainable craftsmanship. The brand focuses on creating high-performance, stylish pieces that are built to withstand the elements without compromising on comfort or aesthetics.

Using eco-friendly materials like Novosier Fibre and durable aluminum, Maiori ensures that each item is not only visually striking but also long-lasting and resistant environmental factors.

With a commitment to quality and sustainability, Maiori furniture elevates both outdoor and indoor spaces, offering pieces that are as functional as they are beautiful.

Kose Collection

Kose's stackable, lightweight café furniture blends Karim Rashid's curvy design with MAIORI's perforated aluminium.

The armchair and tables are minimalist, durable, and practical, with rainflow-permitting perforations. Offering a balance of elegance, affordability, and flexibility, Kose is perfect for both indoor and outdoor use, embodying emotion and usability in modern café design.

AT800 Collection

The AT800 Series blends soft aluminium and hard teak, combining function and style. The stamped aluminium seating merges nostalgia with industrial design.

Its modular table system features an injected aluminium corner-piece for easy assembly and efficient folding into a flat box for transport.

The perforated tabletop reduces weight and shadow, allowing rain and light to pass through.

TOLIX®

Since 1927, Tolix® creates iconic furniture pieces that combine creativity, design and functionality.

Proud of our heritage and contribution to world design with its international-renowned models such as the A Chair, Tolix® has kept for over 95 years the French way of living also known as “L’art de vivre à la française”.

Tolix Collection

The Tolix collection offers durable, industrial-chic tables, chairs, stools, and cupboards, blending modern design with functionality for any space, perfect for both home and commercial settings, built to last for years, and easy to maintain.

Tables, Chairs, Stools, Cabinets, Wardrobe, Storage, Desks

Chairs Collection

It was back in 1907 when a young French roofer from Burgundy, Xavier Pauchard, discovered that he could protect sheet metal from rust by dipping it in molten zinc. The process of galvanizing was born. Years later, he developed his original Tolix chair to be outside in all types of weather, which is why there are holes in the seats – to allow water to drop through.

Stool Collection

The Tolix H stool, a symbol of industrial design since the 1930s, is known for its durability, lightness, and sleek minimalist style.

Made from galvanized steel, it is stackable and nestable, offering space efficiency. Initially popular in cafés, it later became a staple in homes.

A timeless icon of modern design, the H stool perfectly blends functionality with aesthetic appeal, embodying the essence of French craftsmanship and the art of living.
