

LIGHTING & ACCESSORIES

Solar Hybrid Modules & Planters

The background image shows a serene outdoor lounge space. A vertical garden wall, constructed from metal frames and glass panels, is covered in lush green plants. In the foreground, there are two white modern lounge chairs and a round white coffee table. A solar lamp with two cylindrical light heads is mounted on a stand in the center. The overall atmosphere is bright and airy, with natural light filtering through the foliage.

LA LAMPE PARIS

Easy going and adaptable **La Lampe Paris** is an outdoor solar lamp that works as both a hanging or standing lamp, and because it is wireless, you can virtually place it anywhere you are, indoors or outdoors. Delivering 300 lumens of light for up to 10 hours, depending on which of the settings you operate it, La Lampe Paris' LED bulb provides uniform warm global light to its surroundings. La Lampe Paris is available for customization through 26 colours arrangements. Select either black or white frame and throw in one of the striking colours shades to make it a very personal choice.

The image shows three identical white rectangular solar garden lights standing on a sandy beach. Each light has a simple frame with a flat top and a small solar panel on the front. A warm, glowing light emanates from the top of each frame. The background is a soft-focus view of the ocean with gentle waves under a hazy, sunset sky. The lights and the scene are reflected in the calm water in the foreground.

LA LAMPE PARC

Iconic. **La Lampe Parc** is a range of 3 outdoor solar garden lights ideal for path lighting. These solar powered garden lamps provide abundant and warm light in your garden. Place La Lampe Parc at floor level to light up your path, top of a table to provide cozy atmosphere, or use the U-hook provided to mount it on the wall. 3 heights, 2 colours. You decide. Get a tall size to don larger areas, or smaller size for mobility and intimate situations. Pick from sober black or luxury white depending on your style.

LA LAMPE PARADE

La Lampe Parade is a solar powered garden lamp and beach torch built with teakwood and aluminium so it can stay pretty and active even in the most unforgiving and saline locations. For life, and for Living, illuminate life's best moments, wherever you are. With an unmistakeable wanderlust flavour, La Lampe Parade re-interprets the beach torch through a chic and bold combination of traditional craft, wanderer aesthetics and sustainable forward-thinking solar technology.

A woman with long blonde hair, wearing a blue dress and a white shawl, stands on a rocky shore looking out at the ocean. In the foreground, a glowing rectangular lantern sits on the rocks. The background shows a calm sea and distant land under a hazy sky.

LA LAMPE PACHA

La Lampe Pacha, the solar powered version of a large candle lit lantern. A true nomad by nature it will follow you outside or inside the house. Due to its stretched fabric, it will provide a soft halo of light which will create a warm atmosphere. The frame is made of carbon or white powder coated aluminum and is dressed with a waterproof off-white coated fabric. Allows up to 10 hours of splendid light.

In 2016, **Normal Studio** celebrated ten years on the French design scene - a success already recognized by numerous awards.

Maiori and Normal Studio have been collaborating for years on outdoor furniture lines such as AT800 and Tresse collections.

LA LAMPE COUTURE

Normal studio, have developed a collection of solar garden lamps that consists of three different sizes, including a transformative foot stand to hang them. The lamps are, in the words of Normal Studio, “inspired by traditional asian lanterns that gracefully float in the sky from the heat of a single candle” and include an innovative translucent material that conducts and enhances the degree of emitted light, maximizing the LED's capacity as well as emitting a soft warm glow.

Entirely constructed from sustainable materials, these lamps also incorporate Maiori's trademark LED lighting and photovoltaic energy technology. Every **Couture Lamp** has a handle, making them versatile and providing options for lighting up a table, hanging from a tree, lighting the area around the swimming pool or simply left on the stand.

LA LAMPE POPUP

The smallest solar lamp in MAIORI's range, the **PopUp** lamp is big on design and technology, and made from laser-cut, shaped aluminium.

Equipped with a new hybrid MAIORI solar module, the **PopUp** lamp is also connected, thanks to its Bluetooth system.

The MAIORI **PopUp** lamp is designed to "pop up" anywhere, at any time - on a table, in the garden, or even on a terrace. Extremely compact, it fits easily into a bag to provide light wherever you are. Its eye-opening design and luminosity will not go unnoticed.

The design of the lacquered aluminium lampshade was inspired by a Japanese art form - Kiri-gami - which consists in cutting paper and giving it different shapes, often with moveable joints. It is widely used to make "Pop Up" cards that create relief patterns when opened. This art form, now very popular in many countries, is still associated with the announcement of a happy event.
